APPROVES GLASSCOCK-BURGESS MEASURE

Dr. S. Fortier, chief of irrigation investigations of the United States department of agriculture, on a trip of inspection in Texas, said in San Antonio: "We were all much gratified to learn," said Dr. Fortier, "that the legislature just adjourned accomplished so much in the way of new legislation along the lines of irrigation. I think that Mr. Burgess and Mr. Glasscock deserve great credit in having been instrumental in framing the general irrigation act. They would be the first to tell us that the act is not a perfect measure. But improvements can be made as time goes on. The act, as you know, calls for the creation of a board of water engineers and the efforts of these engineers with their assistants cannot fail to pave the way for a final adjudication of the water rights of Texas. We desire to add this board in every possible way and will cheerfully place at its disposal all the information in our possession. We think it is possible that some arrangement may be made whereby we can cooperate with this board in the investigation of such subjects as the duty of water and the water requirements of the standard crops grown in Texas."

TROOP CHANGE MADE AT SIERRA BLANCA

Sierra Blanca, Texas, April 14.—Troop E, of the 23 cavalry, has been called in to Fort Bliss, after being stationed at this place for the last five months. Troop K, of the 23 cavalry, has arrived to relieve Troop E.

Mrs. Lolla Love and her father, Mr. Sheariden, have returned to San Antonio after a few weeks' visit to Mr. and Mrs. R. C. Love.

R. N. Love, who has been very ill with rheumatism the last two weeks, has left for Mineral Wells, Texas, to recuperate. He was accompanied by his wife and children, and his uncle, J. R. Love.

Born: To Mr. and Mrs. H. P. Boykin, a fine baby boy.

Mrs. A. Lickorish is visiting friends in El Paso.

Mrs. A. E. Polk and children are visiting relatives in Alpine, Texas. Mr. and Mrs. Roy Owen have moved in from their ranch for the summer.

PLANS TO INSTALL ENGINES ON LAND

Rio Mimbres Company to Buy 75 for Irrigating Near Deming.

The Deming office of The El Paso Herald is in the Chamber of Commerce. Roy Badelchick is correspondent. The Herald's distributor in Deming is the Laffey & Field Clear and News Store. The Herald will be delivered to all parts of the city, the same night of publication, at 60 cents per month.

Deming, N. M., April 14.—The general manager of the Fairbanks-Morse Machinery Co., of Beloit, Wis., will be here this evening to confer with E. H. Bickford, manager of the Rio Mimbres Irrigation Co., concerning the purchase of 75 stationary engines ranging in capacity from 32 to 50 hp., to be used for irrigation purposes on the large tract which the Rio Mimbres company is reclaiming, 14 miles northwest of Deming.

The Kelly Transfer Co. has sold out to Watson & Jordan, who will take charge May 1, and conduct a trading yard, transfer, and coal business.

Vernie Dresser and Olga Ferguson were married at Silver City, and are now living on the Dresser farm six miles east of Deming.

Moves Well Drilling Machinery. Henry MacRoberts has moved his well-drilling machine to the place of S. O. Wheeler, 11 miles south of town, where he will put down an irrigation well. Mr. Wheeler has already a small irrigation well but not of sufficient capacity to supply his increased acreage. He has purchased a 20 h.p. Stover engine from H. P. Blackburn and a No. 5 Layne & Bowler pump for installation in his new well.

E. A. Mooney, agent of the Fairbanks-Morse Co., reports sale of the following irrigation engines in the last two weeks: M. L. McBride 32 h.p.; H. J. Jacobs 40 h.p.; H. Garrett 30 h.p.; J. E. Watson 12 h.p.; W. F. Mathias 30 h.p.; 4 h.p.; Rio Mimbres Irrigation Co., 5 h.p.; C. W. West, 3 h.p.; Chris Rathel, 32 h.p.; W. F. Mathias 30 h.p.

Electric Lights for Columbus. The village trustees of Columbus have granted a franchise to C. E. Cook, of El Paso, for installing an electric light plant and waterworks to supply the town. The electric plant will be operated by a 25 h.p. Fairbanks-Morse engine and 15 k.w. generator. A No. 5 Layne & Bowler pump two-thirds size will be installed to supply the water with a capacity of 500 gallons per minute. The investment, including pipe, wiring and other equipment, will be about \$10,000.

Henry Meyer has purchased an auto truck for delivery of meat from the M. R. Ranch.

C. and Lauchlin and F. B. Schwenter have left for Los Angeles, Calif., on business.

Ball Club Organized. Deming baseball fans met in the store of Laffey & Field last night and formed a baseball organization for the coming season. J. H. Brown was chairman of the meeting. Pierce Hughes was secretary. Jim Hines was elected captain, and N. R. Birchfield, assistant. Pierce Hughes was elected secretary and treasurer, and the following were appointed as a finance committee: George Laffey, Pierce Hughes and Milt DeFoy.

SIX DAYS OF COURT, THREE CASES TRIED.

Tomlinson, Ariz., April 14.—Superior court was in session six days, and only three cases were brought to trial. The reason for this is owing to a laxity in the laws governing civil jury cases and an effort will be made to have the law amended so that, in jury cases, having no idea of trying their cases when they call for a jury trial on calendar day, will be compelled to deposit \$25 with the court clerk, thereby assuring the tax payers of that much relief.

Commissioners Zander, Miller and Howe were in the county seat conferring with county assessor El Hughes on the matter of assessing just all property in this county at its full market value. Cochise county will show a tremendously large tax role this year as a result of this new idea.

LIVESTOCK GETS \$27 FOR ALL STEER YEARLINGS

Heart Diamond Ranch Sells 500 Durham Cows, Bought at \$100, for \$40 Each.

Cutter, N. M., April 14.—The Heart & Linger Cattle Co. has contracted all its steer yearlings for \$27 per head, also the heifer yearlings, but the price for them is not known. They are to be delivered on the first of May at Engle, N. M.

General manager Gwartney and acting straw boss S. C. Smith have gone with about 30 choice cow boys to the lower range to gather the yearlings. It is reported here that J. L. Hurt, of Heart & Linger Cattle Co., has contracted and sold 1,000 cows for \$40 per head to be delivered the first of July. However, this has not been confirmed.

L. W. Parker, of the Heart Diamond ranch, announces he has sold 500 Durham cows for \$40 per head to be delivered at Engle, N. M., May 15. These are the cattle Mr. Parker purchased last fall from the Mormon colonies in old Mexico. He has had much trouble with these cows, as they do not stand the winters here. He has had quite a number to die, and has had a crop of cotton seed meal in the past 20 days to keep them on their feet till grass comes. He has had a crop of meal helping feed and lift up these cows for the past two months.

Bill Barber has just completed a fine lot of good pens and sheds. He says he expects to have the finest chance of kids this year of any year for the past 10 years. Mr. Barber has the fine graded Angora goats.

Phoenix, Ariz., April 14.—Tobias Driscoll, formerly of Austin, Texas, but now proprietor of the DDD ranch near Morefort, Dawson county, Wyoming, has purchased a large number of cattle from various persons in northeastern Arizona. They will be shipped from Holbrook. The price averaged \$25 a head, cash.

According to Driscoll, Arizona is attracting interest from the buyers of cattle. The ranges of this state are in excellent condition and Arizona is being drawn upon to furnish a surprisingly large percentage of the country's beef supply.

Mohair is higher than ever before and the goat men are reaping a harvest. R. B. Cannon, a goat raiser of Kirkland Park, received \$750 for one ton, which he shipped to Santa Fe, N. M. He has about two tons more to ship.

SLAUGHTER TAKES OVER 350,000 ACRES. George F. Woodward Ranch in Sonora, on which are 10,000 cattle.

Douglas, Ariz., April 14.—The ranch property of George F. Woodward, located in the vicinity of Montezuma, Sonora, containing about 350,000 acres and at present pasturing close to 10,000 cattle, has been taken over by the Slaughter Land and Cattle company. The officers of the new concern are G. M. Slaughter, president; G. F. Woodward, vice-president; R. L. Slaughter, secretary and treasurer; and W. H. Slaughter, secretary and treasurer.

While the cattlemen of this county are looking forward to an excellent year and are reaping a harvest, they are finding cause for anxiety in the continuous heavy winds which are rapidly drying up the ranges and reducing the grass of its nutrition. They are hopeful that rains will arrive soon to freshen up the ranges, refill the water holes and carry the cattle over until the summer rains set in.

Sonora cattlemen are having many difficulties on account of the unsettled conditions existing now in the state. Bands of state troops are raiding the herds and killing the cattle for food while the ranchers are having no chance to round up their stock and brand the calves which are coming into the world. It is feared that many of the young animals will be eaten by wild beasts, and others be stolen. Among the particularly heavy losses through state troop incursions is the Packard ranch near Douglas, where it is stated that more than 25 steers, many of them finely blooded animals, are being slaughtered each day.

W. F. McGaughey has sold to W. W. Collins for Mitchell and Pruett, 300 head of state troops, and to S. J. Windham, of Toluca, for the Combes Cattle company, 200 cows at \$40.

WILL RESTOCK RANCH. Myndus, N. M., April 14.—Mr. Love, who recently purchased the Symer ranch and cattle, has sent the cattle to the state stock pen at Santa Fe. He will restock the ranch immediately with Mexican cattle.

DEFENDANTS ACQUITTED IN ALASKA LAND CASE. Chicago, Ill., April 14.—Albert C. Frost, former president of the promoter of the Alaska Central railroad and his four codefendants, George M. Seward, Pierre G. Beach, Frank Watson and George C. Back, all interested in the development of the road, were found not guilty in the federal court here on conspiracy to obtain by false pretenses of dollars worth of coal lands in the Matanuska valley, Alaska.

The verdict while a vindication of the business method of the defendants, does not open the way for the completion of the railroad as the coal lands still are withdrawn from entry and will remain as until released by the department of the interior.

CHANDLER, ARIZONA, HELPS TO BUILD HIGHWAY. Chandler, Ariz., April 14.—The Chandler chamber of commerce has authorized the expenditure of several hundred dollars of its fund for the purpose of completing the state highway from Chandler to Higley, seven miles south of Chandler.

Higley was built with convict labor and is in better condition than the Chandler road. The Chandler road is in the hands of the Chandler and Higley road, which is completed travelers between the northern and southern portions of the state will pass through these two towns.

SEVEN KILLED, 15 INJURED, IN CANADIAN TRAIN WRECK. Montreal, Canada, April 14.—Seven persons are dead and 15 injured as a result of the derailment of an excursion train on the Montreal-Chamby branch of the Central Vermont railway about four and a half miles out of St. Lambert.

The train was carrying about 700 passengers.

FORMER EL PASO IS MAYOR. Charles E. O'Neal, formerly of El Paso, has been elected the exposition mayor of San Diego, Calif., and is engaged in the newspaper business in El Paso at one time and afterwards in San Diego, where he was engaged in the real estate business.

ARE DELIVERING CATTLE. Balbaroa, Tex., April 14.—King and Lavelle have sold their cattle to a cattleman down the Borilla draw and are delivering this week.

The P. V. S. has orders for 200 stock cars to be used this month.

DEAL INVOLVING \$150,000 AT MARFA. Marfa, Tex., April 14.—W. B. Mitchell and Thomas Snyder have bought 2,000 head of cattle to range on their ranches near Tucson, Ariz.

Smith and Holmes have shipped one car horses to Biloxi, Miss. They also sold 3,000 old steers to J. M. Dobbs, of Cutulla, and 1,000 two year olds to L. Johnson, of Eagle Lake. The deal involved about \$150,000.

SMITH AND HOLMES HAVE SHIPPED ONE CAR HORSES TO BILOXI, MISS. THEY ALSO SOLD 3,000 OLD STEERS TO J. M. DOBBS, OF CUTULLA, AND 1,000 TWO YEAR OLDS TO L. JOHNSON, OF EAGLE LAKE. THE DEAL INVOLVED ABOUT \$150,000.

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

The research laboratory of The Swift Specific Co. has collected vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in the blood stream, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may not be had at almost any drug store in the civilized world.

The preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodine, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of arthritis, rheumatism, locomotor ataxia, paresis, neuritis, and other diseases resulting from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.

Get a \$1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.

AUTO PARTY SPENDS FOUR DAYS IN SANDS.

Car Breaks Down 40 Miles From Alamogordo and Couple and Boy Are Without Food or Water.

Alamogordo, N. M., April 14.—An elderly couple and their young son, who were on their way to Alamogordo on their way to El Paso, driving an antiquated Paige three-cylinder car, spent four days stranded in the sand. They broke down about 40 miles from the city in the heavy sands, at a point from which a stranger is unable to locate the place. The party was without food and water for two days when Mr. Roseboro, of El Paso, passed them on his way to Alamogordo. He saw them in the sand and what water he had and directed them to Mr. Cox's ranch. The boy went to the ranch house, but failing to find anyone, returned empty-handed. Some men driving from El Paso to Roswell picked them up and carried them to the city where they had food and drink and a team to get their car were secured. The people were in a miserable condition when found, having been four days without food and water. Some men driving from El Paso to Roswell picked them up and carried them to the city where they had food and drink and a team to get their car were secured. The people were in a miserable condition when found, having been four days without food and water. Some men driving from El Paso to Roswell picked them up and carried them to the city where they had food and drink and a team to get their car were secured.

There is a considerable scare in the city over a maddog, which got loose a few days ago and it is thought, bit several other dogs. A warrant has been issued by city health officer, E. D. McKinley, authorizing the death of all dogs found without muzzles, running on the public streets and also all those acting strangely. It will also be necessary to secure a dog license to the town recorder.

The Alamogordo water company has closed a contract with J. P. Lewis for the construction of a big reservoir on his large alfalfa and fruit farm, one mile southeast of this place. The reservoir will be constructed entirely with native marble, will be 100 feet in length and 20 feet in width, with a sufficient depth to make its capacity 210,000 gallons. Frank Falcone, manager of the marble company, will supervise the work personally. Work will begin at an early date.

The commissioners' court has been in session fixing the date of taxation under the recent legislative act, and many tax payers were before the court.

The district court for Otero county opened today with Judge Medler presiding. Only equity matters will be heard, no jurisdiction has been assumed for this term because of the light docket.

Walter Baird has purchased a big 7-horsepower Indian motorcycle for riding to his ranch, about 40 miles west of Alamogordo. What formerly was a hard journey, is now converted into a two-hour pleasure trip to him.

A horse driven by Tom Lawrence became frightened and ran away on New York avenue. The horse was slightly damaged, but neither boy nor horse was injured.

TWO SILVER CITY MEN ARE INJURED IN FALLS. Silver City, N. M., April 14.—Ed Lyons slid down the 30 foot apron in the ditch at the end of Yankle street and broke his ankle. Ed White, superintendent of the local waterworks, fell 20 feet to the first landing in the well of J. W. Plunkerton, when a ladder broke. He was uninjured.

The trestle on the narrow gauge railroad near town was burned. A new one was built to replace it.

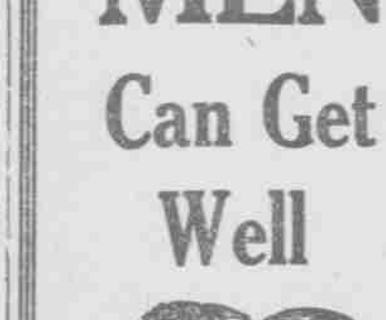

While R. A. Mangus was crossing the quicksands his wagon upset and the big oil tank was tumbled over into the river. It required a whole day to restore it to its proper place.

A Friday morning arbor day here and there was considerable planting done in celebration of the day.

G. H. Mitchell has sold his furnishing goods store to R. T. Kellogg.

SICK MEN Can Get Well

—if they will but adopt the right course. It is not by trying all manner of quick remedies and patent medicines—or treating with so-called doctors who promise everything in unsupported statements and who require large fees in advance and take no other interest in your case—or expecting to be cured by the general practitioner who does not and cannot have such an intimate knowledge of the thousands of different phases connected with ailments of this character.
